

Changes to Total Mobility

Until 30 June 2022

Metlink Total Mobility cards are for disabled people that find it hard to travel on public transport.

if you have a Metlink Total Mobility card you will get cheaper taxis and public transport.

The government is spending more money on public transport for the next 3 months.

From 1 April 2022 to 30 June 2022

Taxis will be cheaper for people with Metlink Total Mobility cards

Metlink Total Mobility will pay up to 75 percent of your taxi fare

The most Metlink Total Mobility will pay is 60 dollars per trip

You don't have to do anything different to get cheaper Total Mobility taxis.

What has not changed?

You still need to book your trip with the taxi company. Do not contact the driver.

You still need to give the card to the driver at the start of the trip.

You have to pay more money if your trip costs more than 80 dollars.

You can travel for any reason that you need to.
